- regenagri® Content Standard certified since 2021
- Cradle to Cradle Certified® Gold since 2022

A key focus of the Candiani S.p.A is to grow and remain competitive by continuously improving its business performance by ensuring ongoing compliance with local, national, and European regulations. Furthermore, we will continue to look for opportunities to go beyond compliance whenever possible, holding ourselves and our operations to the highest standards, as exemplified through the voluntary adoption of internationally recognized certifications and standards.

On this quest to look for new ways to approach business in a more sustainable and socially responsible manner, Candiani S.p.A remains sensitive to the collaboration with customers, suppliers, and stakeholders that share the goal of protecting the environment, attention to work safety, and social responsibility for their staff. Candiani S.p.A. believes in dialogue with all parties concerned, including customers, suppliers, local and/or control authorities, workers, and their trade unions, considering the dialogue as one of the strengths to maintain a good level of growth and cooperation between the parties.
